Welcome

Provost John Bassett welcomed members to the meeting and Craig Blackie and Stuart Young (SBC).

Presentation on Neighbourhood Operations Review

Craig Blackie reminded the Councillors the review is to identify and implement changes to the way services are delivered to communities. The review would cover public toilets, third party responsibilities, disposal of land, grassland biodiversity and community empowerment opportunities. Craig Blackie advised savings of £450,000 across Scottish Borders Council would need to be achieved and any money from the proceeds of land sale would go to SBC and not Kelso. The following areas are for consideration but SBC would welcome comments from Councillors and members of the public for other areas.

Disposal of Land – Mayfield - the sale would be carried out by SBC estates department. Councillors asked whether this land could be used for additional car parking.

Disposal of Land – Pinnaclehill Park - the sale would be carried out by SBC estates department. It was noted these land could be sold to neighbouring properties to extend their gardens.

West Broomlands Plantation (The Meadows) - SBC propose to plant wild flowers and let it grow, only cutting the grass twice a year.

Bridgend Park - SBC propose to plant wild flowers and allow the grass to grow cutting it just twice a year. This would be the area at the river side of the stairs. The rest of the park would be cut once a fortnight.

Eshiehaugh from Pipewell Place to Broomlea - SBC propose to let the Broomlands Plantation grow further down and only cut it back twice a year.

The Cobby – it was noted SBC do not own the Cobby, however, historically this has been a public space and maintained by Kelso Town Council and today SBC. The owners are the property owners in Roxburgh Street, their land goes right down to the river edge. SBC advised they are no longer in a position to maintain land they don't own and they propose to let it grow wild and only cut a pathway through. Another option they suggest was that the owners paying for its upkeep. Councillor D Weatherston raised concerns about asking the owners to pay and if even just one says no and reinstates their boundary down to the river then the entire area would be impassable. It was noted this area is part of the Borders Abbey Route.

Croft Park Banking - SBC propose to reduce the cutting of the banking to twice a year.

Croft Park - Third Party Takeover – SBC would be interested if a users group would take over the park. This would exclude the play park which SBC would continue to maintain. The toilets could be included or excluded in this takeover. It was stated that an SBC survey should that the toilets are used on average 153 times a week which is below what SBC think merits them staying open. The timing of the survey as questioned and it was noted these public toilets are well used by bus/HGV drivers, park users such as the school and rugby club and walkers/runners going by and Slaters Funfair.

Craig Blackie emphasised that all Border towns were going through the same exercise.

It was noted Shedden Park was not included in the proposed cuts as this was maintained by the Cricket Club.

Councillors asked for thanks to be placed on record to Kelso Horticultural Society who maintain the flower beds between Bridgend and Springwood and Border Union Agricultural Society and Kelso Farmer's Market who finance it.

It was noted responses were required by 26 October to enable a report to be submitted to the December Cheviot Area Forum meeting. The Provost asked for the plans to be placed on the KCC Facebook page. Councillor A Hall undertook to co-ordinate responses.

The Provost thanked Craig Blackie and Stuart Young for attending the meeting.

PS Suzanne Howgego had tendered her apologies and her September report had been circulated for comments and feedback. The Councillors had no comments on the report but asked for an update on the incident at the Factory Shop and police response times.

Councillors discussed the options of attracting visitors using the Borders Railway and they reemphasised the importance of a regular bus service. Councillor D Weatherston advised Future Hawick had been awarded some funding which they were using to provide buses to bring people into the town until the end of November. It was agreed they should be approached to receive feedback.

SBC Councillors agreed they would work with Visit Kelso to see what bus options could be explored.

Springwood Terrace / Jedburgh Road

Councillor Hodges had asked for this subject to be placed on the agenda as the fence was now proving to be a health and safety issue. It was noted the land was originally owned by the Cottage Hospital and was used as a car park. It is not known who currently own the fence and therefore responsible for its repair.
